

Totem Pokémon

This document provides detailed information on Photonic Sun and Prismatic Moon's heavily modified Totem battles. All of them have new allies, new moves, and in many cases, new stat-boosting auras. Some of their strategies do rely on a certain degree of surprise, though, so be warned that reading this document before playing may spoil the battles.

Gumshoos & Raticate

	Totem	Ally One
<i>Species</i>	Gumshoos	Yungoos
		
<i>Level</i>	16	13
